

Clinical Services

Katie Wetsch, ARNP, started in the clinic this month.

Katie Wetsch

Lab/X-Ray

Student Health is again participating with the **Iowa Department of Public Health** and **Centers for Disease Control** as a surveillance site for influenza.

Physical Therapy

October is **National Physical Therapy Month**. Physical therapists and physical therapist assistants help transform society by restoring and improving motion in people's lives.

Pharmacy

Prescriptions filled in September

4623

7.7%
FROM 2013

Pharmacy filled **4623 prescriptions** in September. That's a **7.7% increase** from 2013 with the same amount of staff. It is an average of **one prescription every 2.5 minutes**—with excellent customer service and counseling on 75% of each new prescription.

Communications

Communications/HR has a new student worker, **Breanna Meier**.

Breanna Meier

Prevention Services

Brian Vanderheyden is serving as co-chair of the **Story County Prevention Policy Board** and **Lauri Dusselier** is on the Board of Directors for the **Campustown Action Association**.

Administration

Dr. Martino Harmon was named interim director of Student Health.

Health Information Management

In August 2014 there were **12,328 lines of medical transcription** compared to 10,046 for August 2013.

This represents a **23% increase** in the amount of medical transcription from last year to this year.

UP 23% THIS YEAR

SHAC Mock Clinic

Student Health Advisory Committee put on their annual **Mock Clinic** last Tuesday, September 30th at Thielen Student Health Center. **Katie Ranard** was this year's SHAC Mock Clinic chair.

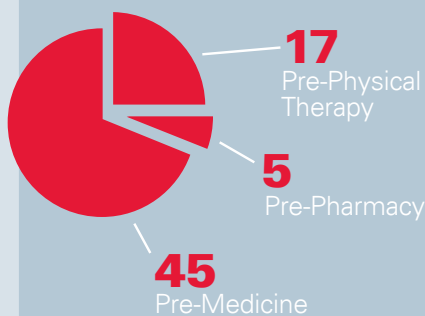

Jim Nespor, physical therapist, talking with students and showing a mock scenario at SHAC Mock Clinic 2014.

What is Mock Clinic?

Once a year, students have a chance to **interact and network with healthcare providers** from various areas of the health center. **Physicians, physical therapist, pharmacists and nurses** are available to talk with students about their professions and their paths in getting to where they are today.

The night began with **pizza and conversation** with the healthcare providers. Dinner lead into **observing mock demonstrations**, similar to a shadowing experience, based upon each student's interest area.

numbers of students per group

"Mock Clinic went very well this year. We have already gotten some great feedback from participants, and have identified ways to improve the event in future years."

—Katie Renard, Mock Clinic Chair

"This was my first time attending Mock Clinic, and I found it to be very beneficial for students who are aspiring to be in the health field. I was able to speak with the providers one-on-one and got all of my questions answered about what was important when applying to med school."

—Breanna Meier, Pre-PA
