

LAURA MOELLER, MD

Joined TSHC in September 2016

Originally from Bettendorf, Iowa State is the alma mater for **LAURA MOELLER, MD**, who earned both her bachelor's and master's here. Although she completed med school at the University of Iowa, she will always be a cyclone! She appreciates the energy of the ISU students and the opportunity to help them develop lifelong healthy habits.

Prior to joining Thielen, Dr. Moeller has worked in a variety of family medicine roles. From practicing suburban outpatient family medicine, serving all ages (infants through elderly), doing preventative and chronic care visits, and performing a variety of office procedures (like placing long-acting birth control devices) to delivering babies, making hospital rounds in a rural setting, and moonlighting in an emergency trauma center, Dr. Moeller has had a variety of clinical experiences.

Dr. Moeller spends her spare time with her two daughters and husband (an ISU professor) and doing a lot of swimming, bicycling, and running, as she's an avid triathlete.

IOWA STATE UNIVERSITY
Thielen Student Health Center

SPECIALTY

Primary Care, Women's Health

AREAS OF EXPERTISE

Primary Care Procedures, Women's Health, Nutrition, Exercise, Prevention and Wellness, Management of Chronic Diseases, Primary Mental Health Care
