Joined TSHC in September 2008

**MARIA PRINGLE, ARNP**, grew up in northeastern Ohio. She strives to empower her patients to care for themselves and understand their health, illness and injuries based on an evidence based approach.

Prior to coming to Iowa State, Maria practiced at an urgent care clinic and “fast track” in an emergency department. These experiences led her to Thielen Student Health Center. She enjoys the opportunity to work with a wellness focused population and being a part of an organization that focuses on excellence and putting the patient’s needs first.

Maria and her husband have been married over 30 years and have three children in college. As time allows, she enjoys desktop publishing, gardening and camping.
