GROUP PRESENTATIONS

As part of our strategic plan and mission, Thielen Student Health Center (TSHC) is committed to outreach within the university and community. We are happy to provide a presentation to your class, dorm, Greek house, club or organizations .

Common presentation topics that we provide include:

- Overview of Services Available at TSHC
- Women's Health
- Mental Health
- Body Image and Self-Esteem
- Sexual Health
- Travel Immunizations and Health
- Common Health Issues
- Healthcare Professions

The staff at TSHC will provide your group with timely and relevant information. All presentations allow time for Q&A and can be tailored to your needs. If you don't see your topic listed, contact us and we will gladly accommodate your group or find a more appropriate campus partner.

SCHEDULING A PRESENTATION

To schedule a presentation, please complete our online form at [CycloneHealth.org](https://www.cyclonehealth.org). If you do not have a university ID, please call **(515) 294-5801**.
